

Marthy's KITCHEN

MENU

OUR STORY

Life brought Marthy and Kristi together shortly before the end of the world predicted for 2012. The world did not end – instead, the story of two creative enthusiasts who love life, good food and good company began. He a chef, she a designer. He loved cooking, she loved ease and spirituality. Marthy won Kristi over with his cooking, and she won him over with her philosophical talks about the meaning of life. And one evening, when Marthy laid a table under the open sky on Petřín Hill with a "little round one" (a chocolate fondant with sour cherry sauce and pistachio ice cream), it was clear that the way to the heart is through the stomach. To this day, the "little round one" is served on the Christmas menu at Marthy's.

A love of food, life and people brought their professions and passions together in a creative vision. From the age of five, Marthy held pots, pans and wooden spoons as passionately as Kristi held a tape measure, nails and a hammer. Each followed what they loved most: Marthy took up cooking and Kristi interior design. Their motivation was to create a cosy space inspired by French ease, where people feel welcome and enjoy food made in-house from fresh, quality ingredients.

In 2018, Marthy's grew with a second location by the Mánes. It has its own bakery and pastry kitchen on the lower floor of the two-storey space. Fresh croissants, breads and desserts are baked there every day and supplied to our other locations.

But the story does not end there. Enthusiasm and a passion for new paths and ideas took Marthy and Kristi even further at the end of 2022. Kristi had long dreamed of creating a place where she could leave the imprint of all her experience, skills and passions – a love of home cooking, design, beautiful details and those moments when you pause and turn your attention to yourself. And so Kristies was born – GARDEN CAFÉ & ARTISAN BOUTIQUE. Here, alongside food and coffee, you will find her own handmade jewellery, scents, little treasures and small rituals for body and soul.

Marthy's and Kristies are two opposites that balance each other. Each place has its own rhythm, yet both grow from the same love of creating, of people and of moments that matter.
